**YOUR INFORMATION IS IMPORTANT**
Please remember to keep all your information about criminal/suspicious activity around your covered area coming into us, all DWOs are contributing more detailed information and we would like to mix this with plenty of information including positive feedback from you all.

**GREAT WORK BY DWO'S**
We would like to congratulate all those ward teams that have worked hard to give informative and positive information for our members, the increased content and information that is being offered for our weekly reports, has not gone unnoticed. I am sure that all our NW-Coordinators that receive this information on Thursdays appreciate the hard work put in by the relevant DWO's in ensuring their ward reports are informative. While we need to see burglary, attempted burglary, car crime, ASB etc.. it's good to see arrest information and surgery dates as well

**AND FINALLY...**
Neighbourhood Watch would like to wish all our Coordinators a Happy Easter!
(Dana Wiffen, Chairman, Neighbourhood Watch Office)
